

Please amend the claims as follows:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A purified or synthetic compound of formula (I)

a tautomer thereof or a pharmaceutically acceptable salt thereof.

2. (Previously Presented) A pharmaceutical composition comprising a pharmaceutically acceptable carrier, and as active ingredient a therapeutically effective amount of a compound as claimed in claim 1.
3. (Previously Presented) A process for preparing a pharmaceutical composition, comprising mixing a therapeutically effective amount of a compound as claimed in claim 1 with a pharmaceutically acceptable carrier.
4. (Previously Presented) A process for the production of a compound of formula (I) as claimed in claim 1, comprising cultivating a strain of a microorganism capable of producing a compound of formula (I), wherein said strain of microorganism is of the genus *Micromonospora*, recovering the compound of formula (I) from the cultured broth, and optionally, salifying the recovered compound.
